Discover Health at Delta Library!

October through December 2018, Delta Library is hosting a traveling, interactive exhibit for all ages. It covers topics such as the faces of healthcare, how human body systems work, and healthy choices/healthy living. Discover Health makes learning about health science topics FUN through hands-on, multi-media activities in both English and Spanish and a series of events and programs to engage children, teens and adults!

We will be taking our 6th graders to visit the exhibit on November 1st. I highly encourage you to take your 7th and 8th grade students to visit the exhibit. I have been told it is AWESOME!

Bruin Pride Club meeting Our next meeting is October 22 @ 4:00 pm in the office conference room. Looking forward to increased parent participation as we start this year.

No School October 29

This is a district wide in-service day so there will not be school.

Have a GREAT FALL BREAK!!!

"As fall begins to settle in, so does a case of the 'lazys'. We all experience some form of this feeling, the weather gets crisp and chilly and we like to cozy up indoors, which is amazing but sometimes we forget to stay active and get our exercise over the cold months. A Kidz Clinic wants you to remember to stay active this fall by remembering to get up and get moving even if it's chilly outside! Bundle up and go for a walk, or even do some jumping jacks indoors, anyway to stay active is a good way! Thanks everyone, have a great week."
